Welcome to **Your Worship Zone**, a brand new venture designed to help and support all those whose heart is for the strengthening of the bonds of love and devotion with our Almighty God, and for the building of bridges into our communities through worship.

Your Worship Zone is a new kind of Learning and Development Project. Throughout the year there will be several special days committed to bring you opportunities to get together with other like-minded leaders, preachers, and musicians to explore the nature and content of contemporary worship, to hear from well known Worship Leaders, Singers, Songwriters, Pastors and Teachers about their journey of Faith and Worship. There will be opportunities to take part in workshops and seminars devoted to developing and enhancing specific skills and areas of service, for example: drums, guitar, voice, worship leading and preaching. Rather than just come along yourself, you might want to bring your whole team. There will be space for networking and sharing, and for signposting of events. There will also be resources and exhibitions.

Your Worship Zone is committed to providing quality events and resources which will enhance and strengthen your ministry and service.

The website is being developed to help you discover resources for your own learning & development, and to be of use to your church. We are working with a range of partners to bring these resources to Your Worship Zone, as well as signposting those websites which offer their own quality resources.

We are in our first year of development, so be patient as we grow. Get in touch with us and offer your constructive thoughts or suggest new and exciting things we could venture into. We hope that you will make us a regular part of your facebook and web time through the coming year and journey with us on this new venture

Every Blessing

YOUR WORSHIP ZONE 2011

Our special guest for our second training day is

Noel Richards

Noel is no stranger to us having led worship all over the world for almost 30 years. Many will remember The Champion of the World event held in Wembley in the 1990's. It was Noel's heart for a nation to worship that saw that vision fulfilled.

Noel has recorded many albums over the years and has a real heart to impart what God has given to him.

The day will be a great chance to worship together, hear from Noel, share lunch and attend the seminars, including:

- Song writing
- The use of Multi-media
- Worship leading
- Drum clinic
- Vocal coaching
- Ideas for worship
- Preaching
